➤ **Statement of Financial Position**

*The statement of financial position gives a financial picture of the organization as of the end of the reporting period. It reflects the assets, liabilities, and net assets of the organization.*

**Definition of Fund Accounting Terms**

**Net Assets** – Total Assets minus Total Liabilities. Net assets fall into one of two categories:

1. **With Donor Restrictions** – funds that may be spent only as restricted by the donor.
2. **Without Donor Restrictions** – funds available for general operations. These may be further separated as follows:
  - a. **Net Investment in Fixed Assets** - total fixed assets minus accumulated depreciation minus any loans related to the fixed assets.
  - b. **Board Designated** - although not donor restricted, these amounts have been segregated by the board (or finance committee, elders, etc.) for special purposes.
  - c. **Prior Years' Net Balance** – cumulative net activity (revenues minus expenses) from all prior years.
  - d. **Current Year Net Balance** – current year net activity (detailed on the Statement of Activities).

➤ **Statement of Activities**

*The statement of activities reflects the revenues and expenses of the organization for the current period of time—typically the current month and year-to-date. It can also be used to compare actual revenues and expenses to those budgeted.*
