Management Responsibility

The organization's management is responsible for the information contained in these reports and for the development, implementation, and adherence of all financial policies and procedures. We recommend management carefully review all transactions contained in these reports to insure accuracy and clarity.

Table of Contents

➤ **Statement of Financial Position**

The statement of financial position gives a financial picture of the organization as of the end of the reporting period. It reflects the assets, liabilities, and net assets of the organization.

Definition of Fund Accounting Terms

Net Assets – Total Assets minus Total Liabilities. Net assets fall into one of two categories:

1. **With Donor Restrictions** – funds that may be spent only as restricted by the donor.
2. **Without Donor Restrictions** – funds available for general operations. These may be further separated as follows:
 - a. **Net Investment in Fixed Assets** - total fixed assets minus accumulated depreciation minus any loans related to the fixed assets.
 - b. **Board Designated** - although not donor restricted, these amounts have been segregated by the board (or finance committee, elders, etc.) for special purposes.
 - c. **Prior Years' Net Balance** – cumulative net activity (revenues minus expenses) from all prior years.
 - d. **Current Year Net Balance** – current year net activity (detailed on the Statement of Activities).

➤ **Statement of Activities**

The statement of activities reflects the revenues and expenses of the organization for the current period of time—typically the current month and year-to-date. It can also be used to compare actual revenues and expenses to those budgeted.
